

LegalMeetings® Web Conferencing

Enhance your organization's communications systems while saving time and money with LegalMeetings!

Benefits to using LegalMeetings

- Eliminate the cost of travel for meetings.
- Connect with your colleagues at a moment's notice.
- Conduct critical meetings and solve problems without delay.
- Offer in-person technical assistance across large distances.

Check out other NTAP technology tools like the [Poverty Law Survey Tool](#) & [InterCall Phone](#)

Please contact Gene Donney for sign up information, technical assistance, and program support at:
E-mail: gene@lsntap.org

[LegalMeetings™](#) is web conferencing for the poverty law community. NTAP has negotiated a nonprofit, public interest rate for web conferencing accounts with Citrix(tm) to offer [GoToMeeting](#) and [GoToWebinar](#) to courts, legal aid programs and their partners. LegalMeetings Web Conferencing features the ability to host, start, and schedule an online meeting or training (webinar), along with many training features and functionality, such as: online polling, document annotation, document or application sharing, meeting chat, and meeting recording.

2008 Project Highlights

- The 86 Participating LegalMeetings organizations conducted 5,238 GoToMeetings!
- 2008 participants averaged a return on license fee investment economic benefit of \$10,203.70 per license!
- GoToMeeting and GoToWebinar now feature integrated voice over internet protocol (VoIP) robust audio functionality!
- 91% of those surveyed rate the impact of LegalMeetings on cost savings as excellent or good!
